

**BLOOMINGCAMP RANCH  
BAKE SHOP & FARM STAND**

**PRODUCT INFORMATION**

**ABOUT OUR PIES...**

- Our pies are 9 inches in diameter and come individually package in their own bakery box. The can be divided into 6-8 slices!
- Our pies are made with the finest ingredients and baked right before they are delivered to you. Our pies DO NOT arrive unbaked or frozen. It is important that your organization deliver the products the same day they arrive from us.
- Pumpkin pies must be refrigerated. Cream cheese pies may be refrigerated but isn't necessary. Freezing these pies can affect their appearance and make their crusts soft. Pumpkin pies and cream cheese pies should last 4-5 days if refrigerated.
- Our fruit pies have a shelf life without refrigeration. Refrigerating our fruit pies will make them last about 5 days. Fruit pies can be frozen. We recommend placing the pie in a freezer bag and placing it bake in its original box for best freezing results. Fruit pies may be frozen approximately 1 to 2 months. Pies frozen longer than 2 months aren't harmful – they just aren't at their peak flavor and texture.
- To thaw a fruit pie, immediately place it in a 350 degree oven for 25-30 minutes and then serve.
